Report on Schedules

We have audited the accompanying Schedule of Proportionate Share of Contributions for Employers and Nonemployer Contributing Entity of State Teachers' Retirement Plan, a plan administered by the California State Teachers' Retirement System ("CalSTRS"), for the year ended June 30, 2020, and the related notes. We have also audited the captions titled total net pension liability as of June 30, 2020, total deferred outflows of resources, and total deferred inflows of resources (specified caption totals) included in the accompanying Schedule of Aggregate Pension Amounts for Employers and Nonemployer Contributing Entity as of June 30, 2020, and the related notes.

Management's Responsibility for the Schedules

Management is responsible for the preparation and fair presentation of these schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on the Schedule of Proportionate Share of Contributions for Employers and Nonemployer Contributing Entity and the specified caption totals included in the accompanying Schedule of Aggregate Pension Amounts for Employers and Nonemployer Contributing Entity based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Schedule of Proportionate Share of Contributions for Employers and Nonemployer Contributing Entity and the specified caption totals included in the accompanying Schedule of Aggregate Pension Amounts for Employers and Nonemployer Contributing Entity are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Schedule of Proportionate Share of Contributions for Employers and Nonemployer Contributing Entity and the specified caption totals included in the accompanying Schedule of Aggregate Pension Amounts for Employers and Nonemployer Contributing Entity. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Schedule of Proportionate Share of Contributions for Employers and Nonemployer Contributing Entity and the specified caption totals included in the accompanying Schedule of Aggregate Pension Amounts for Employers and Nonemployer Contributing Entity, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the Schedule of Proportionate Share of Contributions for Employers and Nonemployer Contributing Entity and the specified caption totals included in the accompanying Schedule of Aggregate Pension Amounts for Employers and Nonemployer Contributing Entity in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the Schedule of Proportionate Share of Contributions for Employers and Nonemployer Contributing Entity and the specified caption totals included in the accompanying Schedule of Aggregate Pension Amounts for Employers and Nonemployer Contributing Entity.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the schedules referred to above present fairly, in all material respects, the proportionate share of contributions for employers and nonemployer contributing entity for the year ended June 30, 2020 and total net pension liability as of June 30, 2020, total deferred outflows of resources, and total deferred inflows of resources for the State Teachers' Retirement Plan as of June 30, 2020, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

Net Pension Liability of Employers and Nonemployer Contributing Entity

As described in Note 3, based on the most recent actuarial valuation as of June 30, 2019, CalSTRS independent actuaries determined that, at June 30, 2020, the value of the State Teachers' Retirement Plan ("STRP") total pension liability exceeded the STRP fiduciary net position by \$96.9 billion. The actuarial valuation is sensitive to the underlying actuarial assumptions, including investment rate of return of 7.1%, consumer price inflation of 2.75%, wage growth of 3.5% and custom mortality tables based on CalSTRS most recent Experience Analysis. Our opinions are not modified with respect to this matter.

Other Matter

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of California State Teachers' Retirement System, which includes the State Teachers' Retirement Plan, as of and for the year ended June 30, 2020, and our report thereon, dated October 22, 2020, expressed an unmodified opinion on those financial statements.

Restriction on Use

Our report is intended solely for the information and use of the California State Teachers' Retirement System, the California State Teachers' Retirement System's management, the governing body of the California State Teachers' Retirement System, and the State Teachers' Retirement Plan employers and nonemployer contributing entity and their auditors and is not intended to be and should not be used by anyone other than these specified parties.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 22, 2020 on our consideration of State Teachers' Retirement Plan's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and other matters related to Schedule of Proportionate Share of Contributions for Employers and Nonemployer Contributing Entity and the specified caption totals included in the accompanying Schedule of Aggregate Pension Amounts for Employers and Nonemployer Contributing Entity. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the State Teachers' Retirement Plan's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering State Teachers' Retirement Plan's internal control over financial reporting and compliance related to the Schedule of Proportionate Share of Contributions for Employers and Nonemployer Contributing Entity and the specified caption totals included in the accompanying Schedule of Aggregate Pension Amounts for Employers and Nonemployer Contributing Entity.

63098	City College of San Francisco	513,618	—	513,618	0.005%
63098	City College of San Francisco	513,618	—	513,618	
Total CalSTRS-calculated employer contributions		\$6,093,067,099	\$366,360,195	\$6,459,427,294	65.985%
State of California contributions (nonemployer contributing entity) ²				3,329,835,536	34.015%
Total employer and state contributions included in the proportionate share calculation				9,789,262,830	100.000%
Plus: Fiscal year 2019-20 supplemental state contribution (SB 90) ^{2,3}				1,117,000,000	
Plus: Contributions for separately financed liabilities of individual employers ⁴				14,677,395	
Less: Fiscal year 2018-19 supplemental state contribution (SB 90) applied in FY 2019-20 ⁵				366,360,195	
Less: Employer contributions redirected to fund the Medicare Premium Payment Program				27,684,670	
Total employer and state contributions in the statement of changes in fiduciary net position				\$10,526,895,360	

¹ All employers that report Cash Balance Benefit Program contributions separately and directly to CalSTRS do not have a California Senate Bill 90, Chapter 33, Statutes of 2019, (SB 90) allocation as this legislation only impacted the Defined Benefit Program contribution rates.

² CalSTRS recognizes state contributions for the entire fiscal year at the beginning of each fiscal year per CalSTRS revenue recognition policy.

³ This represents the state of California's supplemental General Fund contribution to CalSTRS pursuant to SB 90. This contribution was excluded from the proportionate share calculation per CalSTRS policy to exclude irregular state contributions that do not reflect the state's long-term contribution effort.

⁴ Contributions excluded from proportionate share calculation per CalSTRS policy. These include employer contributions for retirement incentives, additional service credit and unused sick leave.

⁵ This represents the estimated portion of the \$2.2 billion state of California contribution in fiscal year 2018-19 made on behalf of employers, pursuant to SB 90, that was applied in fiscal year 2019-20 to reduce the amount employers are required to remit by 1.03%. Refer to Note 1 of the notes to other pension information for details on this contribution.

California State Teachers' Retirement Plan

Schedule of aggregate pension amounts for employers and nonemployer contributing entity

As of and for the year ended June 30, 2020

Schedule B¹

(dollars in millions)

Change in net pension liability (NPL) recognized immediately in pension expense	
Change in NPL	
Total net pension liability as of June 30, 2020	\$96,909
Total net pension liability as of June 30, 2019	90,316
Total change in NPL	6,593
Less: current year amounts subject to deferral	
Differences between expected and actual experience	(963)
Changes of assumptions	1,029
Net differences between projected and actual earnings on plan investments	6,787
Total current year amounts subject to deferral	6,853
Total change in NPL recognized immediately in pension expense	(\$260)

Current year reduction of deferred outflows of resources	
Differences between expected and actual experience ²	\$57
Changes of assumptions ²	3,002
Net differences between projected and actual earnings on plan investments ³	1,006
Total current year reduction of deferred outflows of resources	\$4,065
Current year reduction of deferred inflows of resources	
Differences between expected and actual experience ²	\$775
Changes of assumptions ²	—
Net differences between projected and actual earnings on plan investments ³	—
Total current year reduction of deferred inflows of resources	\$775
Balance of deferred outflows of resources	
Differences between expected and actual experience	\$171
Changes of assumptions	9,450
Net differences between projected and actual earnings on plan investments	2,302
Total deferred outflows of resources	\$11,923
Balance of deferred inflows of resources	
Differences between expected and actual experience	\$2,733
Changes of assumptions	—
Net differences between projected and actual earnings on plan investments	—
Total deferred inflows of resources	\$2,733

¹ This schedule does not include deferred outflows and inflows of resources for changes in an employer's proportion, differences between actual and proportionate share of employer contributions or employer contributions made subsequent to the measurement date.

² Deferred outflows and inflows of resources related to differences between expected and actual experience and changes of assumptions are amortized over a closed period equal to the average of the expected remaining service lives of all active and inactive members. The average expected remaining service life for STRP members based on the financial reporting actuarial valuation as of June 30, 2019, is seven years.

³ Deferred outflows and inflows of resources related to differences between projected and actual earnings on plan investments are netted and amortized over a closed five-year period. The respective amounts for different fiscal years are aggregated and reported as a net deferred outflow or a net deferred inflow of resources in the table above.

California State Teachers' Retirement Plan

Notes to other pension information

1. Plan description and contribution information

The California State Teachers' Retirement System (CalSTRS) administers a hybrid retirement system consisting of a defined benefit plan, two defined contribution plans, a postemployment benefit plan and a fund used to account for ancillary activities associated with the deferred compensation plans and programs:

- State Teachers' Retirement Plan (STRP)
- CalSTRS Pension2 403(b) Plan
- CalSTRS Pension2 457(b) Plan
- Medicare Premium Payment (MPP) Program
- Teachers' Deferred Compensation Fund (TDCF)

CalSTRS provides pension benefits, including disability and survivor benefits, to California full-time and part-time public school teachers from pre-kindergarten through community college and certain other employees of the public school system and other state agencies. The Teachers' Retirement Law (California) Education Code Section 22000 et seq.), as enacted and amended by the California Legislature and the Governor, established these plans and CalSTRS as the administrator. The terms of the plans may be amended through legislation.

The STRP is a multiple-employer, cost-sharing defined benefit plan composed of four programs: Defined Benefit (DB) Program, Defined Benefit Supplement (DBS) Program, Cash Balance Benefit (CBB) Program and Replacement Benefits Program. The STRP holds assets for the exclusive purpose of providing benefits to members of these programs and their beneficiaries. CalSTRS also uses plan assets to defray reasonable expenses of administering the STRP. Although CalSTRS is the administrator of the STRP, the State of California (the state) is the sponsor and obligor of the trust. In addition, the state is both an employer and nonemployer contributing entity to the STRP.

As of June 30, 2020, there were 1,788 contributing employers (school districts, community college districts, county offices of education, charter schools, state agencies and regional occupational programs) to the DB Program. In addition, as of June 30, 2020, there were 29 contributing school districts and 41,115 contributing participants in the CBB Program.

As of June 30, 2020, membership consisted of:

Active members	
Vested	320,208
Nonvested	128,305
Total active members	448,513
Inactive members	
Vested	42,879
Nonvested	170,248
Total inactive members	213,127
Retirees and beneficiaries	314,405
TOTAL MEMBERS, RETIREES AND BENEFICIARIES	976,045

The parameters for employer and state contribution rates are set by the California Legislature and the Governor and detailed in the Teachers' Retirement Law. Current rates were established by the CalSTRS Funding Plan, which was enacted with Assembly Bill 1469 in June 2014.

In June 2019, California Senate Bill 90, Chapter 33, Statutes of 2019, (SB 90) was signed into law and appropriated approximately \$2.2 billion in fiscal year 2018-19 from the state's General Fund as contributions to CalSTRS on behalf of employers. The bill required portions of the contribution to supplant the amounts submitted by employers such that the amounts remitted would be 1.03% and 0.70% less than the statutorily required amounts due for fiscal years 2019-20 and 2020-21, respectively. The remaining portion of the contribution, approximately \$1.6 billion, was allocated to reduce the employers' share of the unfunded actuarial obligation of the DB Program.

Also, SB 90 appropriated future supplemental state contributions to reduce the state's portion of the unfunded actuarial obligation of the DB Program in fiscal years 2019-20 through 2022-23. These contributions are funded from future excess General Fund revenues, pursuant to the requirements of California Proposition 2, Rainy-Day Budget Stabilization Fund Act which passed in 2014. Accordingly, the contribution amounts are subject to change each year. For fiscal year 2019-20, CalSTRS received \$1.1 billion of supplemental state contributions pursuant to SB 90.

California Assembly Bill 84, Chapter 16, Statutes of 2020, (AB 84) was signed into law in June 2020 and revised certain provisions of Teachers' Retirement Law enacted by SB 90. Specifically, AB 84 repurposed the aforementioned \$1.6 billion contribution originally intended to reduce employers' long-term liabilities, to further supplant employer contributions through fiscal year 2021-22. Pursuant to AB 84, employers will remit contributions to CalSTRS based on

California State Teachers' Retirement Plan

Notes to other pension information

a rate that is 2.95% less than the statutory rate for fiscal year 2020–21 and 2.18% less than the rate set by the board for fiscal year 2021–22. Any remaining amounts must be allocated to reduce the employers' share of the unfunded actuarial obligation of the DB Program. The rate reduction for fiscal year 2019–20 under SB 90 was not changed by AB 84. However, for the purpose of discussion, reference to AB 84 will also include the rate reduction for fiscal year 2019–20. The employer contribution rates set in statute and the board's authority to adjust those rates starting in fiscal year 2021–22 under the CalSTRS Funding Plan were not changed by the passage of SB 90 or AB 84.

In addition, the board's rate-setting authority for the state contribution rate will be suspended for fiscal year 2020–21 by AB 84. Although the board exercised its authority in May 2020 to increase the state contribution rate by 0.5% effective July 1, 2020, the rate increase will not go into effect. Instead, the state rate will remain at the 2019–20 level of 7.828% (which excludes the portion related to SBMA funding).

A summary of statutory contribution rates and other sources of contributions to the DB Program pursuant to the CalSTRS Funding Plan, SB 90 and AB 84 are included in the tables that follow.

Employers

Employer contribution rates effective for fiscal year 2019–20 and beyond are summarized in the table below:

Effective date	Pre-AB 1469 rate	Increase per funding plan	SB 90 and AB 84 impact ¹	Total
July 1, 2019	8.250%	9.880%	(1.030%)	17.100%
July 1, 2020	8.250%	10.850%	(2.950%)	16.150%
July 1, 2021	8.250%	²	(2.180%)	²
July 1, 2022 – June 30, 2046	8.250%	²	N/A	²
July 1, 2046	8.250%	Increase from AB 1469 rate ends in 2046–47		

¹ Pursuant to SB 90 and AB 84, the fiscal year 2018–19 state contribution of approximately \$2.2 billion made in advance on behalf of employers will be used to pay the contributions required by employers for the 2019–20, 2020–21 and 2021–22 fiscal years, such that employers will remit 1.030%, 2.950% and 2.180% less, respectively, than is required by the CalSTRS Funding Plan.

² The CalSTRS Funding Plan authorizes the board to adjust the employer contribution rate up or down by up to 1% each year, but no higher than 20.250% total and no lower than 8.250%.

State

The state's contribution to the DB Program is calculated based on creditable compensation from two fiscal years prior. As a result of the CalSTRS Funding Plan, the state is required to make additional contributions to pay down the unfunded liabilities associated with the benefits structure that was in place in 1990 prior to certain enhancements in benefits and reductions in contributions. The appropriation for these additional contributions is specified in subdivision (b) of Education Code section 22955.1. The increased contributions end as of fiscal year 2045–46. Pursuant to AB 84, the state contribution rate will remain at 5.811% on July 1, 2020.

The state contribution rates effective for fiscal year 2019–20 and beyond are summarized in the table below.

Effective date	Base rate	AB 1469 increase for 1990 benefit structure	SBMA funding ¹	Total
July 1, 2019	2.017%	5.811%	2.500%	10.328% ²
July 1, 2020	2.017%	5.811% ³	2.500%	10.328% ²
July 1, 2021 – June 30, 2046	2.017%	⁴	2.500%	⁴
July 1, 2046	2.017%	⁵	2.500%	⁵

¹ The SBMA contribution rate excludes the \$72 million that is reduced from the required contribution in accordance with Education Code section 22954.

² This rate does not include the impacts of supplemental state contributions pursuant to SB 90.

³ In May 2020, the board exercised its limited authority to increase the state contribution rate by 0.5% of the creditable compensation effective July 1, 2020. However, pursuant to AB 84, the state suspended the board's rate setting authority of state contributions for fiscal year 2020–21, thereby negating the board's rate increase of 0.5%.

⁴ The board has limited authority to adjust state contribution rates annually through June 2046 in order to eliminate the remaining unfunded actuarial obligation associated with the 1990 benefit structure. The board cannot increase the rate by more than 0.5% in a fiscal year, and if there is no unfunded actuarial obligation, the contribution rate imposed to pay for the 1990 benefit structure would be reduced to 0%.

⁵ From July 1, 2046, and thereafter, the rates in effect prior to July 1, 2014, are reinstated, if necessary, to address any remaining 1990 unfunded actuarial obligation.

California State Teachers' Retirement Plan

Notes to other pension information

Contributions for DBS Program

For creditable service performed by DB members in excess of one year of service credit within one fiscal year, employer contributions of 8% are credited to members' nominal DBS Program accounts (up to any applicable compensation cap) for CalSTRS 2% at 60 members and 2% at 62 members. For CalSTRS 2% at 60 members only, employer contributions of 8% for compensation as a result of retirement incentives or limited term enhancements are also credited to DBS Program accounts.

Contributions for CBB Program

Employers contribute 4.0% of applicable CBB Program participant salaries. Additionally, employers may enter into a collective bargaining agreement to pay different rates if certain minimum conditions are met.

2. Summary of significant accounting policies

Basis of presentation

Employers participating in the STRP are required to report pension information in their financial statements in accordance with Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions—An Amendment of GASB Statement No. 27*. The Schedule of Proportionate Share of Contributions for Employers and Nonemployer Contributing Entity (Schedule A) and Schedule of Aggregate Pension Amounts for Employers and Nonemployer Contributing Entity (Schedule B) provide employers with certain information related to the STRP that may be used for their financial reporting.

Employer contributions provided on Schedule A are presented in order by the CalSTRS-assigned employer reporting numbers within a grouping for each CalSTRS reporting source (typically a county office of education). Individual employers that separately report their CBB Program contributions may appear twice on the schedule: once within the grouping by CalSTRS reporting source for their DB and DBS program contributions and once as a separate reporting source for their CBB Program contributions (near the end of Schedule A).

The employer proportionate share of total CalSTRS-calculated and allocated employer contribution has been rounded to the nearest thousandth of a percentage point (three decimal places).

Basis of accounting and use of estimates

The accompanying schedules were prepared in conformity with accounting principles generally accepted in the U.S. as promulgated by GASB, which require management to make estimates and assumptions that affect certain amounts and disclosures.

The ongoing COVID-19 pandemic has caused significant disruptions in U.S. and global economies. As of June 30, 2020, there remains uncertainty regarding the ultimate adverse impact of the pandemic on financial market and economic conditions. The estimates and assumptions underlying these schedules are based on the information available as of June 30, 2020, including judgments about the financial market and economic conditions which may change over time. Actual results could differ from those estimates.

As described in Note 1, the reductions in employer contributions pursuant to SB 90 and AB 84 are temporary, as such, CalSTRS does not consider them to be reflective of the long-term funding commitment of the employer. Accordingly, the proportionate share calculation on Schedule A is based on employer contributions comprised of two components:

1. The current year employer contributions calculated by CalSTRS as detailed below, with consideration given to separately financed and irregular employer contributions.
2. An estimate of the current year contributions supplanted by the state's contribution pursuant to SB 90. This estimate represents the amounts employers would have remitted to CalSTRS under the CalSTRS Funding Plan if SB 90 had not been enacted.

The current year employer contributions are calculated by CalSTRS based on creditable compensation for active members reported by employers. Employer and state contributions are recognized in the period in which the contributions are required by statute. Cash remittances of contributions due are received from employers prior to receiving their reports of creditable earnings by members. As a result, CalSTRS accrues employer contributions due monthly using current contribution rates and estimates of creditable compensation based on historical information. Contributions and adjustments to contributions reported in the current year for service performed in a prior year are recognized as contributions in the current year and included in the schedule of proportionate share.

The estimates of the current year contributions supplanted by the state and allocated to the employers are determined

California State Teachers' Retirement Plan

Notes to other pension information

by calculating the ratio of the rate set by the funding plan for fiscal year 2019-20 to the reduced rate stipulated by SB 90 and then applying that to the current year contributions calculated by CalSTRS for those employers that remitted contributions to the DB Program.

CalSTRS accrues contributions due from the state (a nonemployer contributing entity) at the beginning of each fiscal year based on the creditable earnings reported by employers for the fiscal year ending in the immediately preceding calendar year.

3. Net pension liability of employers and nonemployer contributing entity

The components of the net pension liability (NPL) of the STRP for participating employers and the state (nonemployer contributing entity) as of June 30, 2020, are as follows:

Components of the NPL – STRP

(dollars in millions)

Total pension liability	\$343,893
Less: STRP fiduciary net position	246,984
NPL of employers and the State of California	\$96,909
STRP fiduciary net position as a % of the total pension liability	71.8%

Actuarial methods and assumptions relating to Schedule B

The total pension liability for the STRP was determined by applying update procedures to the financial reporting actuarial valuation as of June 30, 2019, and rolling forward the total pension liability to June 30, 2020. Significant actuarial methods and assumptions used in the financial reporting actuarial valuation to determine the total pension liability as of June 30, 2020, include:

Valuation date	June 30, 2019
Experience study	July 1, 2015 – June 30, 2018
Actuarial cost method	Entry age normal
Investment rate of return ¹	7.10%
Consumer price inflation	2.75%
Wage growth	3.50%
Postretirement benefit increases	2% simple for DB (annually) Maintain 85% purchasing power level for DB Not applicable for DBS/CBB

¹ Net of investment expenses but gross of administrative expenses.

The sections that follow provide additional discussion on key assumptions and methods for the valuation of the STRP.

Discount rate

The discount rate used to measure the total pension liability was 7.10%, which was unchanged from prior fiscal year. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers are made at statutory contribution rates in accordance with the rate increases as disclosed in Note 1. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return of 7.10% and assume that contributions, benefit payments and administrative expenses occur midyear. Based on those assumptions, the STRP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term investment rate of return assumption was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best-estimate ranges were developed using capital market assumptions from CalSTRS investment staff and investment consultants as inputs to the process.

The actuarial investment rate of return assumption was adopted by the board in January 2020 in conjunction with the most recent experience study. For each current and future valuation, CalSTRS' independent consulting actuary (Milliman) reviews the return assumption for reasonableness based on the most current capital market assumptions. Best estimates of expected 20-year geometrically linked real rates of return and the assumed asset allocation for each major asset class as of June 30, 2020, are summarized in the following table:

Asset class	Assumed asset allocation	Long-term expected real rate of return ¹
Public Equity	42.0%	4.8%
Real Estate	15.0%	3.6%
Private Equity	13.0%	6.3%
Fixed Income	12.0%	1.3%
Risk Mitigating Strategies	10.0%	1.8%
Inflation Sensitive	6.0%	3.3%
Cash/Liquidity	2.0%	(0.4%)

¹ 20-year average.

California State Teachers' Retirement Plan

Notes to other pension information

Sensitivity of NPL to changes in the discount rate

Presented below is the NPL of employers and the state using the current discount rate as well as what the NPL would be if it were calculated using a discount rate that is 1% to 3% lower or 1% to 3% higher than the current rate:

Discount rate	NPL of employers and nonemployer contributing entity (dollars in millions)
3% Decrease (4.10%)	\$281,407
2% Decrease (5.10%)	206,946
1% Decrease (6.10%)	146,416
Current rate (7.10%)	96,909
1% Increase (8.10%)	56,034
2% Increase (9.10%)	21,986
3% Increase (10.10%)	(6,516)

Mortality

CalSTRS uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among our members. The projection scale was set equal to 110% of the ultimate improvement factor from the Mortality Improvement Scale (MP-2019) table issued by the Society of Actuaries.

Uses of assumptions and methods

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (salaries, credited service, etc.) and assumptions about the probability of occurrence of events far into the future (mortality, disabilities, retirements, employment terminations, etc.). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of benefits provided at the time of each valuation and the historical pattern of benefit costs. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Amortization of deferred outflows and deferred inflows of resources

Deferred outflows of resources are the consumption of net position by CalSTRS that is applicable to future reporting periods, while deferred inflows of resources are the acquisition of net position by CalSTRS that is applicable to future reporting periods. Schedule B includes only certain categories of deferred outflows and inflows of resources, including differences between expected and actual experience, changes of assumptions, and differences between projected and actual earnings on plan investments. The schedule does not include deferred outflows and inflows of resources for changes in an employer's proportion, differences between actual and proportionate share of employer contributions, employer contributions made subsequent to the measurement date, or adjustments to pension revenue and expense associated with on-behalf payments made by the state (non-employer contributing entity) for each employer.

Other than differences between projected and actual investment earnings, deferred inflows and outflows of resources are recognized in pension expense beginning in the current period using a straight-line method over a closed period equal to the average of the expected remaining service lives of all plan members who are provided with pensions through CalSTRS (active and inactive), which is seven years as of June 30, 2019. Similarly, deferred inflows and outflows of resources relating to differences between projected and actual earnings on plan investments are netted and amortized over a closed five-year period.

California State Teachers' Retirement Plan

Notes to other pension information

As of June 30, 2020, the deferred outflows of resources and deferred inflows of resources related to the STRP from the aforementioned sources are as follows:

Schedule of deferred outflows and inflows of resources

(dollars in millions)

	Original amount	Date established	Recognition period ¹	Amount recognized in 6/30/2020 expense	Balance of deferred outflows 6/30/2020	Balance of deferred inflows 6/30/2020
Differences between expected and actual experience	(\$963)	6/30/2020	7	(\$138)	\$-	(\$825)
	(1,847)	6/30/2019	7	(264)	-	(1,319)
	(94)	6/30/2018	7	(13)	-	(55)
	399	6/30/2017	7	57	171	-
	(1,209)	6/30/2016	7	(173)	-	(344)
	(1,312)	6/30/2015	7	(187)	-	(190)
Total				(\$718)	\$171	(\$2,733)
Net differences between projected and actual earnings on plan investments²	\$6,787	6/30/2020	5	\$1,357	\$5,430	\$-
	1,036	6/30/2019	5	207	622	-
	(3,904)	6/30/2018	5	(781)	(1,561)	-
	(10,941)	6/30/2017	5	(2,188)	(2,189)	-
	12,059	6/30/2016	5	2,411	-	-

	19,988	6/30/2017	7	2,855	8,568	-
Total				\$3,002	\$9,450	\$-

¹ Deferred outflows and inflows of resources related to differences between projected and actual earnings on plan investments are netted and amortized over a closed five-year period. Deferred outflows and inflows of resources related to differences between expected and actual experience and changes of assumptions are amortized over seven years based on the financial reporting actuarial valuation as of June 30, 2019, which is a closed period equal to the average remaining service life of plan members.

² Deferred outflows and deferred inflows of resources arising from differences between projected and actual pension plan investment earnings in different fiscal years are aggregated and reported as a net deferred outflow or a net deferred inflow of resources related to pensions.

Deferred outflows and inflows of resources to be recognized in pension expense in future periods are as follows:

Future deferred outflow and inflow of resources recognition

(dollars in millions)

	Net differences between projected and actual earnings on plan investments	Differences between expected and actual experience	Changes of assumptions
Year ended June 30:			
2021	(\$1,406)	(\$721)	\$3,002

INDEPENDENT AUDITOR'S REPORT

Teachers' Retirement Board of the California
State Teachers' Retirement System
West Sacramento, California

Report on Schedules

We have audited the accompanying Schedule of Proportionate Share of Contributions for Employers of the State Teachers' Retirement Plan, a plan administered by the California State Teachers' Retirement System ("CalSTRS"), for the year ended June 30, 2020, and the related notes. We have also audited the captions titled total net OPEB liability as of June 30, 2020, total deferred outflows of resources, and total deferred inflows of resources (specified caption totals) included in the accompanying Schedule of Aggregate Other Postemployment Benefits Amounts for Employers of Medicare Premium Payment Program ("MPP Program"), a plan administered by CalSTRS, as of June 30, 2020, and the related notes.

Management's Responsibility for the Schedules

Management is responsible for the preparation and fair presentation of these schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on the Schedule of Proportionate Share of Contributions for Employers of the State Teachers' Retirement Plan and the specified caption totals included in the accompanying Schedule of Aggregate Other Postemployment Benefits Amounts for Employers based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Schedule of Proportionate Share of Contributions for Employers of the State Teachers' Retirement Plan and the specified caption totals included in the accompanying Schedule of Aggregate Other Postemployment Benefits Amounts for Employers are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Schedule of Proportionate Share of Contributions for Employers of the State Teachers' Retirement Plan and the specified caption totals included in the accompanying Schedule of Aggregate Other Postemployment Benefits Amounts for Employers. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Schedule of Proportionate Share of Contributions for Employers of the State Teachers' Retirement Plan and the specified caption totals included in the accompanying Schedule of Aggregate Other Postemployment Benefits Amounts for Employers, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the Schedule of Proportionate Share of Contributions for Employers of the State Teachers' Retirement Plan and the specified caption totals included in the accompanying Schedule of Aggregate Other Postemployment Benefits Amounts for Employers in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the Schedule of Proportionate Share of Contributions for Employers of the State Teachers' Retirement Plan and the specified caption totals included in the accompanying Schedule of Aggregate Other Postemployment Benefits Amounts for Employers.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the schedules referred to above present fairly, in all material respects, the proportionate share of contributions for employers of the State Teachers' Retirement Plan for the year ended June 30, 2020 and total net OPEB liability as of June 30, 2020, total deferred outflows of resources, and total deferred inflows of resources for the Medicare Premium Payment Program as of June 30, 2020, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

Net OPEB Liability of Employers

As described in Note 3, based on the most recent actuarial valuation as of June 30, 2019, CalSTRS independent actuaries determined that, at June 30, 2020 the value of the MPP Program's total OPEB liability exceeded the MPP Program's fiduciary net position by \$423.8 million. The actuarial valuation is sensitive to the underlying actuarial assumptions, including investment rate of return, Medicare Part A Premium Costs Trend Rate, Medicare Part B Premium Costs Trend Rate, participation rates and custom mortality tables based on CalSTRS most recent Experience Analysis. Our opinions are not modified with respect to this matter.

Other Matter

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of California State Teachers' Retirement System, which includes the State Teachers' Retirement Plan and Medicare Premium Payment Program, as of and for the year ended June 30, 2020, and our report thereon, dated October 22, 2020, expressed an unmodified opinion on those financial statements.

Restriction on Use

Our report is intended solely for the information and use of the California State Teachers' Retirement System, the California State Teachers' Retirement System's management, the governing body of the California State Teachers' Retirement System, and the State Teachers' Retirement Plan employers and their auditors and is not intended to be and should not be used by anyone other than these specified parties.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 22, 2020 on our consideration of State Teachers' Retirement Plan's and Medicare Premium Payment Program's internal control over financial reporting and on our tests of their compliance with certain provisions of laws, regulations, contracts, and other matters related to Schedule of Proportionate Share of Contributions for Employers of the State Teachers' Retirement Plan and the specified caption totals included in the accompanying Schedule of Aggregate Other Postemployment Benefits Amounts for Employers. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the State Teachers' Retirement Plan's and Medicare Premium Payment Program's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering State Teachers' Retirement Plan's and Medicare Premium Payment Program's internal control over financial reporting and compliance related to the Schedule of Proportionate Share of Contributions for Employers of the State Teachers' Retirement Plan and the specified caption totals included in the accompanying Schedule of Aggregate Other Postemployment Benefits Amounts for Employers.

Total deferred outflows of resources	\$–
Balance of deferred inflows of resources	
Differences between expected and actual experience	\$–
Changes of assumptions	–
Net differences between projected and actual earnings on plan investments	203,099
Total deferred inflows of resources	\$203,099

- ¹ The schedule does not include deferred outflows and inflows of resources for changes in an employer's proportion, differences between actual and proportionate share of employer contributions or employer contributions made subsequent to the measurement date.
- ² The MPP Program is a retiree-only OPEB program with no average remaining service life; therefore, one year is used as the recognition period in these calculations.
- ³ Deferred outflows and inflows of resources related to differences between projected and actual earnings on plan investments are netted and amortized over a closed five-year period. The respective amounts for different fiscal years are aggregated and reported as a net deferred outflow or a net deferred inflow of resources in the table above.

Medicare Premium Payment Program

Notes to other postemployment benefits information

1. Plan description and contribution information

The California State Teachers' Retirement System (CalSTRS) administers a hybrid retirement system consisting of a defined benefit plan, two defined contribution plans, a postemployment benefit plan and a fund used to account for ancillary activities associated with the deferred compensation plans and programs:

- State Teachers' Retirement Plan (STRP)
- CalSTRS Pension2 403(b) Plan
- CalSTRS Pension2 457(b) Plan
- Medicare Premium Payment (MPP) Program
- Teachers' Deferred Compensation Fund (TDCF)

CalSTRS provides pension benefits, including disability and survivor benefits, to California full- time and part-time public school teachers from pre-kindergarten through community college and certain other employees of the public school system and state agencies. The Teachers' Retirement Law (California) Education Code Section 22000 et seq.), as enacted and amended by the California Legislature and the Governor, established these plans and CalSTRS as the administrator. The terms of the plans may be amended through legislation.

The MPP Program is a cost-sharing, multiple- employer other postemployment benefit (OPEB) plan established pursuant to Chapter 1032, Statutes 2000 (SB 1435). CalSTRS administers the MPP Program through the Teachers' Health Benefits Fund. The MPP Program pays Medicare Part A premiums and Medicare Parts A and B late enrollment surcharges for eligible members of the STRP Defined Benefit (DB) Program who were retired or began receiving a disability allowance prior to July 1, 2012, and were not eligible for premium-free Medicare Part A.

Members who retire after July 1, 2012, are not eligible for coverage under the MPP Program.

As of June 30, 2020, 5,443 retirees participated in the MPP Program. The number of retired members who will participate in the program in the future is unknown as eligibility cannot be predetermined.

The MPP Program is funded on a pay-as-you-go basis from a portion of monthly employer contributions. In accordance with California Education Code section 25930, contributions that would otherwise be credited to the DB Program each month are instead credited to the MPP Program to fund monthly program and administrative costs. Total redirections to the MPP Program are monitored to ensure that total incurred costs do not exceed the amount initially identified as the cost of the program.

Contributions for DB Program

The parameters for employer contribution rates are set by the California Legislature and the Governor and detailed in the Teachers' Retirement Law. Current contribution rates were established by the CalSTRS Funding Plan, which was enacted with Assembly Bill 1469 in June 2014.

In June 2019, California Senate Bill 90, Chapter 33, Statutes of 2019, (SB 90) was signed into law and appropriated approximately \$2.2 billion in fiscal year 2018-19 from the state's General Fund as contributions to CalSTRS on behalf of employers. The bill required portions of the contribution to supplant the amounts submitted by employers such that the amounts remitted will be 1.03% and 0.70% less than the statutorily required amounts due for fiscal years 2019-20 and 2020-21, respectively. The remaining portion of the contribution, approximately \$1.6 billion, was allocated to reduce the employers' share of the unfunded actuarial obligation of the DB Program.

California Assembly Bill 84, Chapter 16, Statutes of 2020, (AB 84) was signed into law in June 2020 and revised certain provisions of Teachers' Retirement Law enacted by SB 90. Specifically, AB 84 repurposed the aforementioned \$1.6 billion contribution originally intended to reduce employers' long-term liabilities to further supplant employer contributions through fiscal year 2021-22. Pursuant to AB 84, employers will remit contributions to CalSTRS based on a rate that is 2.95% less than the statutory rate for fiscal year 2020-21 and 2.18% less than the rate set by the board for fiscal year 2021-22. Any remaining amounts must be allocated to reduce the employers' share of the unfunded actuarial obligation of the DB Program. The rate reduction for fiscal year 2019-20 under SB 90 was not changed by AB 84.

July 1, 2021	8.250%	²	(2.180%)	²
July 1, 2022 – June 30, 2046	8.250%	²	N/A	²
July 1, 2046	8.250%	Increase from AB 1469 rate ends in 2046-47		

¹ Pursuant to SB 90 and AB 84, the fiscal year 2018-19 state contribution of approximately \$2.2 billion made in advance on behalf of employers will be used to pay the contributions required by employers for the 2019-20, 2020-21 and 2021-22 fiscal years, such that employers will remit 1.030%, 2.950% and 2.180% less, respectively, than is required by the CalSTRS Funding Plan.

² The CalSTRS Funding Plan authorizes the board to adjust the employer contribution rate up or down by up to 1% each year, but no higher than 20.250% total and no lower than 8.250%.

Contributions for DBS Program

For creditable service performed by DB members in excess of one year of service credit within one fiscal year, employer contributions of 8% are credited to members' nominal Defined Benefit Supplement (DBS) Program accounts (up to any applicable compensation cap) for CalSTRS 2% at 60 members and CalSTRS 2% at 62 members. For CalSTRS 2% at 60 members only, employer contributions of 8% for compensation as a result of retirement incentives or limited term enhancements are also credited to DBS Program accounts.

Contributions for CBB Program

Employers contribute 4.0% of applicable Cash Balance Benefit (CBB) Program participant salaries. Additionally, employers may enter into a collective bargaining agreement to pay different rates if certain minimum conditions are met.

2. Summary of significant accounting policies

Basis of presentation

CalSTRS employers participating in the MPP Program are required to report OPEB information in their financial statements in accordance with Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*. The Schedule of Proportionate Share of Contributions for Employers of the State Teachers' Retirement Plan (Schedule C) and the Schedule of Aggregate Other Postemployment Benefit Amounts for Employers (Schedule D) provide employers with certain required information for financial reporting related to the MPP Program.

Employer contributions provided on Schedule C are presented in order by the CalSTRS-assigned employer reporting numbers within a grouping for each CalSTRS reporting source (typically a county office of education). Individual employers that separately report their CBB Program contributions may appear twice on the schedule: once within the grouping by CalSTRS reporting source for their DB and DBS program contributions and once as a separate reporting source for their CBB Program contributions (near the end of Schedule C).

The employer proportionate share of total CalSTRS-calculated and allocated employer contribution have been rounded to the nearest thousandth of a percentage point (three decimal places).

Basis of allocation of Schedule C

CalSTRS presents employers' proportionate shares of contributions on Schedule C to assist employers in calculating their proportionate share of the net OPEB liability and deferred inflows and outflows of resources. However, employers are not required to use the information provided.

As the MPP Program is funded on a pay-as-you-go basis from redirected contributions from the STRP, Schedule C is provided to allow employers to determine their proportionate share based on their contributions to the STRP.

Basis of accounting and use of estimates

The accompanying schedules were prepared in conformity with accounting principles generally accepted in the U.S. as promulgated by GASB, which require management to make estimates and assumptions that affect certain amounts and disclosures.

The ongoing COVID-19 pandemic has caused significant disruptions in U.S. and global economies. As of June 30, 2020, there remains uncertainty regarding the ultimate adverse impact of the pandemic on financial market and economic conditions. The estimates and assumptions underlying these schedules are based on the information available as of June 30, 2020, including judgments about the financial market and economic conditions which may change over time. Actual results could differ from those estimates.

As described in Note 1, the reductions in employer contributions pursuant to SB 90 and AB 84 are temporary, as such, CalSTRS does not consider them to be reflective of the long-term funding commitment of the employer. Accordingly the proportionate share calculation on Schedule C is based on employer contributions comprised of two components:

1. The current year employer contributions calculated by CalSTRS as detailed below, with consideration given to separately financed and irregular employer contributions.
2. An estimate of the current year contributions supplanted by the state's contribution pursuant to SB 90. This estimate represents the amounts employers would have remitted to CalSTRS under the CalSTRS funding plan if SB 90 had not been enacted.

The current year employer contributions are calculated by CalSTRS based on creditable compensation for active members reported by employers. Employer contributions are accrued when required by statute. Cash remittances of contributions due are received from employers prior to receiving their reports of creditable earnings by members. As a result, CalSTRS accrues employer contributions due monthly using current contribution rates and estimates of creditable compensation based on historical information. Contributions and adjustments to contributions reported in the current year for service performed in a prior year are recognized as contributions in the current year and included in the schedule of proportionate share.

The estimates of the current year contributions supplanted by the state and allocated to the employers are determined by calculating the ratio of the rate set by the funding plan for fiscal year 2019-20 to the reduced rate stipulated by SB 90 and then applying that to the current year contributions calculated by CalSTRS for those employers that remitted contributions to the DB Program.

Medicare Premium Payment Program

Notes to other postemployment benefits information

3. Net other postemployment benefit (OPEB) liability of employers

The components of the net OPEB liability of the MPP Program for participating employers as of June 30, 2020, are as follows:

Components of the net OPEB liability – MPP Program

(dollars in thousands)

Total OPEB liability	\$420,782
Less: MPP Program fiduciary net position	(3,003)
Net OPEB liability of employers	\$423,785
MPP Program fiduciary net position as a % of the total OPEB liability	(0.71%)

Actuarial methods and assumptions relating to Schedule D

The total OPEB liability for the MPP Program as of June 30, 2020, was determined by applying update procedures to the financial reporting actuarial valuation as of June 30, 2019, and rolling forward the total OPEB liability to June 30, 2020. Significant actuarial methods and assumptions used in the financial reporting actuarial valuation to determine the total OPEB liability as of June 30, 2020, include:

Valuation date	June 30, 2019
Experience study	June 30, 2014 – June 30, 2018
Actuarial cost method	Entry age normal
Investment rate of return	2.21%
Medicare Part A premium costs trend rate ¹	4.5%
Medicare Part B premium costs trend rate ¹	5.4%

¹ The assumed increases in the Medicare Part A and Part B Cost Trend Rates vary by year; however, the increases are approximately equivalent to a 4.5% and 5.4% increase each year for Medicare Part A and Part B, respectively.

The sections that follow provide additional discussion on specific assumptions and methods for the valuation of the MPP Program.

Discount rate

The MPP Program is funded on a pay-as-you-go basis with contributions generally being made at the same time and in the same amount as benefit payments and expenses coming due. Any funds within the MPP Program as of June 30, 2020, were to manage differences between estimated

and actual amounts to be paid and were invested in the Surplus Money Investment Fund, which is a pooled investment program administered by the California State Treasurer.

As the MPP Program is funded on a pay-as-you-go basis, the OPEB plan's fiduciary net position was not projected to be sufficient to make projected future benefit payments. Therefore, the MPP Program used the Bond Buyer's 20-Bond GO Index from Bondbuyer.com as of June 30, 2020, as the discount rate, which was applied to all periods of projected benefit payments to measure the total OPEB liability. The discount rate as of June 30, 2020, was 2.21%, which is a decrease of 1.29% from 3.50% as of June 30, 2019.

Sensitivity of the net OPEB liability to changes in the discount rate

Presented below is the net OPEB liability of employers using the current discount rate as well as what the net OPEB liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate:

Discount rate	Net OPEB liability of employers (dollars in thousands)
1% Decrease (1.21%)	\$468,612
Current discount rate (2.21%)	423,785
1% Increase (3.21%)	385,640

Future enrollment

Assumptions were made about future participation (enrollment) into the MPP Program as CalSTRS is unable to determine which members not currently participating meet all eligibility criteria for enrollment in the future. Assumed enrollment rates were derived based on past experience and are stratified by age with the probability of enrollment diminishing as the members' ages increase. This estimated enrollment rate was then applied to the population of members who may meet criteria necessary for eligibility but are not currently enrolled in the MPP Program. Based on this, the estimated number of future enrollments used in the financial reporting valuation was 294 or an average of 0.18% of the potentially eligible population of 159,339.

Medicare Premium Payment Program

Notes to other postemployment benefits information

Mortality

CalSTRS uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among our members. The projection scale was set equal to 110% of the ultimate improvement factor from the Mortality Improvement Scale (MP- 2019) table issued by the Society of Actuaries.

Medicare costs trend rate

The June 30, 2019, valuation uses the 2020 Medicare Part A and Part B premiums as the basis for future premium calculations. Future premiums are assumed to increase with a medical trend rate that varies by year, as shown in the following table:

Trend assumption

Years ¹	Assumed annual increase	
	Part A	Part B
2019–2028	4.3%	5.5%
2029–2038	5.0%	5.1%
2039–2048	4.9%	4.5%
2049 & Later	4.3%	4.4%

¹ Trend rates indicate medical inflation in the specific year and, therefore, affect the premiums for the following years. For example, the projected 2020 premium is the 2019 premium increased by the assumed 2019 trend rate.

The Part A trend is approximately equivalent to assuming a fixed 4.5% increase each year. The Part B trend is approximately equivalent to assuming a fixed 5.4% increase each year.

Presented below is the net OPEB liability of employers using the current Medicare costs trend rates, as well as what the net OPEB liability would be if it were calculated using Medicare costs trend rates that are 1% lower and 1% higher than the current rate:

Medicare costs trend rate	Net OPEB liability of employers (dollars in thousands)
1% Decrease (3.5% Part A and 4.4% Part B)	\$384,260
Current rates (4.5% Part A and 5.4% Part B)	423,785
1% Increase (5.5% Part A and 6.4% Part B)	469,285

Uses of assumptions and methods

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (for example, Medicare premiums) and assumptions about the probability of occurrence of events far into the future (for example, mortality, disabilities and retirees eligible for the program). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of benefits provided at the time of each valuation and the historical pattern of benefit costs. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective and take into account the premiums and surcharges paid after termination of employment until the death of the employee. In many cases, actuarial calculations reflect several decades of payments after termination of employment.

Amortization of deferred outflows and deferred inflows of resources

Deferred outflows of resources are the consumption of net position by CalSTRS that is applicable to future reporting periods, while deferred inflows of resources are the acquisition of net position by CalSTRS that is applicable to future reporting periods.

As the MPP Program is a retiree-only OPEB plan with no average remaining service life, other than net differences between projected and actual earnings on plan investments, deferred outflows and inflows of resources are recognized in OPEB expense in the current period. The net deferred outflows and inflows relating to differences between projected and actual earnings on plan investments are netted and amortized over a closed five-year period.

Medicare Premium Payment Program

Notes to other postemployment benefits information

As of June 30, 2020, the deferred outflows of resources and deferred inflows of resources related to the MPP Program from the aforementioned sources are as follows:

Schedule of deferred outflows and inflows of resources

	Original amount	Date established	Recognition period ¹	Amount recognized in 6/30/2020 expense	Balance of deferred outflows 6/30/2020	Balance of deferred inflows 6/30/2020
Differences between expected and actual experience	(\$4,287,864)	6/30/2020	1	(\$4,287,864)	\$—	\$—
Total				(\$4,287,864)	\$—	\$—
	(\$130,689)	6/30/2020	5	(\$26,138)	\$—	(\$104,551)
Net differences between projected and actual earnings on plan investments²	(116,234)	6/30/2019	5	(23,247)	—	(69,740)
	(66,481)	6/30/2018	5	(13,296)	—	(26,593)
	(11,075)	6/30/2017	5	(2,215)	—	(2,215)
Total				(\$64,896)	\$—	(\$203,099)
Changes of assumptions	\$70,416,712	6/30/2020	1	\$70,416,712	\$—	\$—
Total				\$70,416,712	\$—	\$—

¹ Deferred outflows and inflows of resources related to differences between projected and actual earnings on plan investments are netted and reduced over a closed five-year period. Deferred outflows and inflows of resources related to differences between expected and actual experience and changes of assumptions are amortized over a one-year period as the MPP Program is a retiree-only OPEB program with no average remaining service life.

² Deferred outflows and deferred inflows of resources arising from differences between projected and actual earnings on plan investments in different fiscal years are aggregated and reported as a net deferred outflow or a net deferred inflow of resources related to OPEB.

Deferred inflows and outflows of resources to be recognized in OPEB expense in future periods are as follows:

Future deferred outflow and inflow of recognition

Net differences between projected and actual earnings on plan investments	
Year ended June 30:	
2021	\$64,896
2022	62,682
2023	49,384
2024	26,137
2025	—
2026	—
Thereafter	—

4. Additional financial and actuarial information

Additional financial and actuarial information required for GASB Statement No. 75 disclosures is located in the CalSTRS Comprehensive Annual Financial Report for the fiscal year ended June 30, 2020.
